## WARRANT

---

To the inhabitants of the town of Holderness in the county of Grafton, in the state of New Hampshire, qualified to vote in town affairs: You are hereby notified to meet at the town hall in said Holderness on Tuesday, the tenth day of March next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.

3. To raise such sums of money as may be necessary for repairing highways and bridges for the ensuing year and make appropriation for the same.

4. To see what sum of money the town will raise and appropriate for permanent improvement of highways, and see if the town will accept state aid.

5. To raise and appropriate money for state highway maintenance as required by law.

6. To see what sum of money the town will vote to raise and appropriate for the support of cemeteries for the ensuing year, and to hear the report of the selectmen on the cemeteries and act thereon.

7. To see what sum of money the town will vote to raise and appropriate for the support of the Library for the ensuing year.

8. To see what sum of money the town will vote to raise and appropriate for the decoration of soldiers' and sailors' graves for the ensuing year.

9. To see what sum of money the town will vote to raise and appropriate for the control of the White Pine Blister Rust for the ensuing year.

10. To see what sum of money the town will vote to raise and appropriate for Old Home Day, and take any vote relating thereto.

11. To see if the town will vote to instruct the selectmen to hire money in anticipation of taxes.

12. To hear the report of the engineers regarding a water supply for River Street and to take any action thereon.

13. To transact any other business that may legally come before said meeting.

Given under our hand and seal, this fourteenth day of February, in the year of our Lord, nineteen hundred and twenty-five.

Signed,

O. M. PRATT,

H. T. GREENLEAF,

J. W. PULSIFER,

Selectmen of Holderness.

Total registration 130

Holderness has a large shifting school population. Already 25 of the 88 pupils registered in our schools have moved away. Some of these pupils will return in the Spring; some new ones will move in, so that the maximum number will again be reached in early May.

The average salary of teachers in the Holderness schools is \$844.00. The average salary of teachers in the other four districts of this supervisory union are: \$825, \$850, \$860 and \$1,000. The average salary of all teachers in the district is \$925.

I wish to thank the school committee for their splendid cooperation and active interest in the welfare of the schools.

Respectfully submitted,

CLARENCE M. HARRIS,

Superintendent.

## To The Citizens of Holderness School District:

We beg leave to call the attention of the Citizens of Holderness to these very important facts regarding the condition of our school buildings:

During the past four years some repairs have been made upon all five buildings now in use. In the Elm district, new windows have been placed in the West side of the building, providing good and sufficient lighting for present needs. The toilets have been re-built, with cement vault and ventilator. A new heater has been installed this year, which provides for even heat throughout the room, and proper ventilation through the fresh air inlet and a foul air outlet. The floor of the schoolroom, and the entry to the building, are in bad condition and will need attention at the earliest possible moment.

In the Carr district, new chemical toilets have been installed, an addition having been made to the building for this purpose. These are proving very satisfactory. A jacketed stove is very much needed to provide comfortable and healthy conditions for school activities.

In the True district, new windows have been placed in the South side of the building, and the present toilets have been made as satisfactory as their size and location permitted. Should the number of pupils in this district increase, provision should be made for new toilets and a jacketed stove.

The East school building has been painted both inside and out. This schoolroom needs very badly a jacketed stove. The room is long and narrow; the stove is at one end. The only way to heat the room comfortably is by a heater similar to the one in the Elm building.

The Bridge school building presents a problem that needs to be solved this year. At the last district meeting, \$500 was appropriated for repairs on this building. When plans were being made for doing the work it was found that the amount raised

would not cover half the expense. It was decided to leave the building as it was, and to bring the matter before the school district for further instructions and a larger appropriation.

It would seem very desirable to do sufficient work on this building to bring it up to standard requirements. These changes can be made more economically at one time than at different periods. Three things are urgently needed: New toilets that have an entrance from the schoolroom; a new heater; and an extension to the playground.

To provide for the first two, it will be necessary to raise the building and make use of the basement for these purposes, or to build an addition to the building on its present foundation. Plans will be on view at the district meeting in March indicating possible changes and approximate costs.

The rapid increase in the number of automobiles passing this school makes it imperative that some place other than the street be provided as a playground for the children. The present space in front of the building is wholly inadequate. A fence in front of the schoolhouse would not eliminate the existing danger, as gates afford a splendid opportunity for playing children to make sudden dartings in front of rapidly moving automobiles. Relief can be found in the purchase of land in back of the present building. It is not the most suitable land for playground purposes, but it can be graded in part so that it can be used for play activities, and thus remove the present serious danger of children playing on the limited space in front. With the playground in back of the building a fence can be erected on the front which will well serve the purpose of protection.

Articles in the warrant permit the authorization by the district for these changes at the Bridge school to be made, and money to be appropriated to cover the cost. The \$500 voted a year ago is still in the treasury to be applied to this work.

High school tuition is a legal charge on all districts where high schools are not maintained. Last

year only \$1,500 was appropriated, and the amount to be paid out this year is over \$1,600. Money raised for elementary school purposes may not be used for high school tuitions; moreover, such amounts are needed for carrying on the local schools in the district. There will be at least as many pupils attending high schools next year as are in attendance this year and we respectfully ask for \$1,680 to pay the necessary tuitions.

We thank the citizens for their cooperation in all school activities, and we trust the district will give its hearty support to making the Bridge school a credit to the town of Holderness.

Respectfully submitted,

CAROLYN C. BAKER,

MARY F. PEASE,

R. TOLFORD PIPER,

School Committee.
